

Liverpool String Orchestra Music Library

The Leonard Davis Library

This is a catalogue of the music held by **Liverpool String Orchestra**. The music was purchased in 2007 from violist **Leonard Davis**. Leonard who was inclusively a very popular conductor, had collected his impressive library over a 70 year period.

Printed music is only '*marks on paper*' until someone makes it 'live' by playing it. To this end, we would encourage people to borrow these parts and bring them 'to life'. If you would like to loan any of the music, please email via the website **Contact Us** link indicating which titles you would like to borrow, please include your contact telephone number and email address.

A Title List and a list of parts contained under the title, will be provided (useful for keeping track of them). We will then arrange a suitably convenient collection date and time. Please allow up to 10 days for this process.

There is no charge for the loan.
